EXPERIENCE

Full Stack Developer Jul 2023 — Jun 2026
Freelance, INDIA

- Built scalable full-stack web applications for multiple clients using React.js, Node.js, Express.js, and MySQL.
- Improved application performance by up to 50% through code optimization and efficient API integration.
- Developed REST APIs, responsive UI components, and custom business features for client projects.
- **Technologies:** React.js, JavaScript, Node.js, Express.js, MySQL

Full Stack Developer - (Full-Time Contract) Dec 2024 — Mar 2025
Roopya, Kolkata, INDIA

- Developed and maintained fintech features using React.js and JavaScript for internal loan management products. Integrated REST APIs and collaborated with backend developers to deliver responsive user interfaces.
- Fixed production issues, improved application performance, and participated in Agile sprint planning.
- **Technologies:** React.js, JavaScript, HTML, CSS, REST APIs, Git

Full Stack Developer Aug 2022 — Dec 2022
CodeClouds IT Solutions Private Limited, Kolkata, INDIA

- Contributed to Sticky CRM by implementing custom business logic and reusable components.
- Built an interactive FAQ module for an e-commerce platform using JavaScript and jQuery. Collaborated with senior developers to deliver client-focused solutions within Agile teams.
- **Technologies:** HTML, CSS, JavaScript, jQuery, Bootstrap, PHP, MySQL

PROJECTS

Arvo AI – AI-Powered Application Builder

- Developed an AI-powered application builder that generates complete React applications from natural language prompts and provides real-time code previews and AI-assisted code improvements.
- Integrated Google GenAI, Clerk, Supabase, Trigger.dev, and Sandpack to implement AI code generation, authentication, backend services, agentic workflows, and live application previews.
- **Tech Stack:** Next.js, React.js, TypeScript, Tailwind CSS, Google GenAI, Supabase, Clerk, Trigger.dev, Sandpack, REST APIs. [GitHub](#) [Vercel](#)
